Hello!

I am very grateful that you visited our school on account of giving a talk on (Career-Counselling) the ever required subject, few days back. Every body I talked to, seems interested to hear more from you. Your experience in the field is astonishing, that impressed every one in the school. What personally I would like to appreciate is your knowledge at the depth of the subject and above all your way of presenting the content in a wonderful manner. Your approach to anticipating intents is unique. Your understanding of user interfaces was marvellous.

The subject seems to intrigue me and I would like to learn about it more. My students travelled to a new world knowing all this. You made the movement memorable in the school history. Please pay your visit to teach my students a new lesson in this regard.

You are always welcome. With best regards.
