**DIPLOMA SUPPLEMENT
RECORD OF ACADEMIC ACHIEVEMENT**

The University of
Nottingham

This Diploma Supplement follows the model developed by the European Commission, Council Europe and UNESCO-CEPES. The purpose of the Supplement is to provide sufficient independent data to improve the international "transparency" and fair academic and professional recognition of qualifications (diplomas, degree, certificate, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully complete by the original qualification to which this supplement is appended. It should be free from any value-judgments, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided an explanation should give the reason why.

The Diploma supplement is issued in a widely spoken European language and free of charge to every student upon graduation.
