

## Edinburgh Napier University Diploma Supplement

This Diploma Supplement is issued by Edinburgh Napier University, and follows the model developed by the European Commission, Council of Europe and UNESCO / CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international "transparency" and fair academic and professional recognition of qualifications (certificates, diplomas and degrees). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition.
